F O O D M A L L

M E N U

WHO WE ARE

In this decade we have created various concepts in fast food dining.

We started with the creation of **the Trio Bambini Stores Gelato & Yogurt** which you can find in different locations in the town of Mykonos serving smooth, silky, handmade ice-cream, Greek frozen yogurt & delicious crepes & waffles.

Later on, our culinary team used its vision and talent to evolve the traditional Greek product called souvlaki and we created **Souvlaki Story**, which that you can also find in three other locations in the town of Mykonos.

The next step was to expand our horizons also in other areas of fast food dining like our restaurants **Pizza L'Angolo** and **MyBurger**.

Now with the creation of **Juice Therapy** and of **Fabrica Sports Club** we have complemented our restaurants also with the right beverages.

All the above joints are here along with us in a dining multi-site within a state-of-the-art space in a historic Mykonian landmark that once served as the island's first wine distillery.

OUR PHILOSOPHY

Our Philosophy is Simple, Fresh & Traditional.

We believe that fast food can be fast, flavorful and health-conscious.

The five circles in our logo represent our casual restaurants which you can find in **Fabrica Food Mall**:

Trio Bambini, Souvlaki Story, Pizza L'angolo, My Burger, Fabrica Sports Club

Grab a fresh pressed juice, take in a mouthful of irresistible sexy healthy souvlaki, savor a slice of

pizza with feta cheese, smell the original flavor of Greek frozen yogurt, taste a cold Greek draft beer, experience the incredible flavors of the famous Trio Bambini velvety handmade ice cream.

Our chefs, who are rich in talent and technique, have a wealth of resources to work with. Using their talents along with top ingredients they get our customers the full flavor's intensity. We use the best and freshest ingredients and, along with the quality of staffing, it contributes to an entirely new dining experience.

Our customers want their meal to be an experience and they are eager to share it on social media. Get in on the action by giving them something to talk about.

Remember: eat good, feel good & enjoy Mykonos!

ABOUT THE BUILDING

The Fabrica Food Mall is a dining multi-site at the entrance of the traditional Mykonian settlement. Its decoration offers a combination of the daring Mykonian architectural style, like its elaborate dovescoves (ornate stone-built structures designed to attract pigeons), arbours (shelters in gardens formed by stems of plants growing close together in a light framework), stone-built corrals, wooden staircases and ceiling proofs.

The new project embodies the term Fabrica because here was the island's first factory, owned by the Galatis family and which operated from 1780 until 1930 predominantly producing wine.

All the food options in one place!

Thanks for coming. We hope you enjoy your visit!

Kali Orexi! Enjoy your Meal! Bon Appetit!

Franchise opportunity with

TRIO BAMBINI TEAM whose statutory purpose is the production and marketing of ice cream and other delicacies, such as crepes, waffles, Greek frozen yogurt has developed a specific operating system, special organization and store management procedures, as well as a methodology that reassures the production (recipes) and marketing of high quality products, relying on its original ideas and perceptions.

TRAINING

Within the framework of the cooperation, the company will provide training for the continuous improvement of production techniques, new recipes and new methodologies.
Before the commencement of the franchisee's business, the company will provide free-of-charge initial training to the franchisee's personnel.
The initial training will take place after the signing of the franchising agreement in one of the franchisee's stores.
The training will last for a maximum of one month andbe performed by the founders - partners of the TRIO BAMBINI™ company.
Any additionalrequired training and handing of new recipes will take place annually at the franchisee's store, and whenever, the franchisor deems necessary, in the company's stores.
